IMPORTANT!

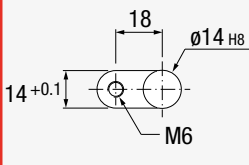

Installation Guidelines

The diagram illustrates the adjustment of the 1st opening in three steps:

- Step 1:** Initial state. A red box highlights the adjustment mechanism.
- Step 2:** Adjustment of the 1st opening to 12mm. A red box highlights the adjustment mechanism. A dimension line indicates the "Adjustable 1st Opening" with a value of 12.
- Step 3:** Final state. A red box highlights the adjustment mechanism. A dimension line indicates the "2nd Free Opening".

Red arrows indicate the direction of adjustment between the steps.
